Red Cross and National Association Agree on Seal Sale

As the result of several conferences between representatives of the American Red Cross and the National Tuberculosis Association, the following general points of agreement have been reached, and are published for the information and guidance of all tuberculosis workers engaged in the next Christmas seal sale.

(1) That neither the Red Cross nor the Tuberculosis Association had military authority over their chapters or affiliated associations.

(2) It was agreed that the American Red Cross and the National Tuberculosis Association would endeavor in so far as was practicable to prevent unnecessary overlapping, especially in such instances as outlined above.

(3) It was agreed that the chapters and affiliated associations would again be advised that there was no official connection between the Christmas seal sale campaign of the National Tuberculosis Association and the Roll Call of the American Red Cross.

(4) It was agreed that for the year 1923 the American Red Cross Roll Call will be held from Armistice Day, November 11, until Thanksgiving Day, November 29, and that the Tuberculosis Christmas seal sale will not begin until November 29.

(5) It was agreed by the American Red Cross that they would again call to the attention of their chapters the importance of not carrying on their campaign after Thanksgiving Day and that it would endeavor to prevent the carrying out of a Roll Call during the month of December.

(6) The National Tuberculosis Association agreed that it would urge its affiliated associations to advise volunteer workers of the difference between the Red Cross Roll Call and the Tuberculosis Christmas seal campaign and that the seal should always be referred to as the Tuberculosis Christmas Seal.

(7) The National Tuberculosis Association also agreed that it would advise newspapers and photographers that the National Tuberculosis Association is engaged in selling a Tuberculosis Christmas seal and that this seal is not a Red Cross seal.

THE CHRISTMAS SEAL FOR 1923

(8) The American Red Cross and the National Tuberculosis Association agreed that each would naturally carry on an extensive educational campaign from time to time throughout the year and the National Tuberculosis Association agreed that it would use every effort to prevent the sale of seals until after Thanksgiving. It was understood that the National Tuberculosis Association would send out material for publicity prior to Thanksgiving, although the National Association could not always control the date of release of this material. It was understood also that the affiliated associations might in some instances mail seals prior to Thanksgiving, but that no general campaign for the sale of seals should be undertaken until after Thanskgiving.

At the final conference at which the agreement was reached there was considerable discussion on this question of the overlapping of the Red Cross Roll Call and the Christmas seal sale.

[Instances were cited of a local tuberculosis association carrying on an active seal sale campaign prior to Thanksgiving Day in November and of another association taking advantage of a Red Cross Roll Call meeting for the purpose of advertising the seal sale. Instances were also cited of the Red Cross Roll Call campaign being carried on during the month of December and the wide use of Red Cross emblems and posters displayed in various ways after Thanksgiving Day. Dr. Williams for the National Tuberculosis Association stated that the National Association could not control certain publicity, as December magazines and journals were sometimes printed in the latter part of November, and as certain trade journals and house organs might use this material in a November issue which might not appear until December and that if such material appeared in the December issue, it might not be published until after the termination of the seal sale.]

Regional and State Meetings

Three regional conferences on tuberculosis are scheduled to take place in September and October. The New England Tuberculosis Conference will be held on September 12-13 at Worcester, Mass. In conjunction with it will be the celebration of the twenty-fifth anniversary of the founding of Rutland State Sanatorium, to be held in the early afternoon of September 13. Rutland Sanatorium has the distinction of being the first institution for the care of the tuberculous to be established and supported by a state. The National Association will be represented at the conference by Dr. Linsly R. Williams, Director, Mr. Basil G. Eaves and Miss Louise Strachan.

An informal Conference of Southern State Secretaries and Sanatorium Superintendents will be held in Asheville,

Special Seal Sale Number of Bulletin

The October Bulletin will be a special twelve-page Seal Sale Number. It will contain a leading article by the Campaign Director, and suggestions in regard to organization, "stunts," and other methods for developing a successful seal sale. If you have any helpful ideas on these subjects, please send them to the Editor of the Bulletin, National Tuberculosis Association, 370 Seventh Avenue, New York, before September 15th. You will be giving other states the benefit of your success and experience.

The Idaho Tuberculosis Association will hold its annual meeting on October 2 or 6 at the time of that of the State Federation of Women's Clubs.

The annual meeting of the Kansas Tuberculosis Association will be held on October 9 at Lawrence, Kans. Mr. Jacobs will attend the meeting.

Regional Trips to Strengthen Seal Sale Organization

A series of regional trips for the purpose of strengthening the organization of the seal sale have been planned for the staff members of the National Tuberculosis Association. The itineraries as planned to date are as follows:

Mr. Strawson, Arkansas, Oklahoma, Texas, Arizona, New Mexico.

Mr. Jacobs, Missouri, Kansas, Colorado, Utah, Idaho, Iowa, Illinois.

Mr. Hopkins, Southern Conference, Asheville, N. C., Georgia, Alabama, Mississippi, South Carolina.

Mr. Eaves, New England Conference, Worcester, Mass., and New England states.

Mr. Jacobs' Book Ready

Mr. Jacobs' new book entitled "The Tuberculosis Worker," a handbook on methods and programs of tuberculosis work, has been published from the press of Williams & Wilkins Company, Baltimore, Md. Mr. Jacobs has been at work on the book for about two years. The handbook is a summary of his experience in tuberculosis work for over fifteen years and deals with methods and programs and the relation of one to the other. Among some of the important chapter headings are those on Newspaper Publicity, Exhibits, The Spoken Word, Organization Methods, Clinic Methods, Industrial Work, Financial Methods, Local Programs, State Programs, Tuberculosis Programs in Relation to Other Social Programs, and the Psychology of Community Organization. The book makes a volume of 314 pages and is attractively bound. A descriptive circular will be sent on request to the National Association.

Have You Ordered a Hand-book?

Nearly 7,000 copies of the handbook, "Health Training in Schools," have been placed with the National Association, the record order, up to the time of the Bulletin's going to press, being 1,200 copies from Pennsylvania.

The book is the work of Miss Theresa Dansdill, Crusader Executive of the National Tuberculosis Association. It offers a course of study in practical hygiene for teachers and health workers and contains stories, quotations, and poems for children on such topics as cleanliness, teeth, cheerfulness, posture, nutrition, and so on. The book contains 405 pages and is bound in blue cloth.

Orders should be placed through the state associations.

Sanatorium Social Worker Benefits Patients

In line with a recommendation made two years ago by Dr. C. E. A. Winslow, following the Rhode Island survey, the state association secured a social worker for the Rhode Island State Sanatorium as a means toward insuring a longer period of treatment for the patients. The following report made by this worker is an indication of the valuable services which she is rendering in her capacity of adviser and friend. During the month of December she had 348 conversations with individual patients, 35 interviews with new patients, 42 interviews regarding family troubles or other anxieties, 49 interviews with patients leaving permanently or temporarily, 21 interviews with friends or relatives of patients. She gave daily lessons in English to from seven to twelve foreign-born patients, assisted in a class in handicraft one hour daily, wrote from three to six letters each day for patients, and wrote about eighty letters to social and red-cross workers, and the welfare agencies.

National Tournament Smashes All Previous Records

422 Schools Victors. Richmond, Va., Captures Inter-City Cup. Iowa Wins Inter-State Cup Permanently.

Four hundred and twenty-two schools in fourteen states representing every section of the country, have won laurels in the National Tournament in health knighthood which ended in June. This is more than double the number of winning schools for any previous tournament. The states represented are Florida, Idaho, Illinois, Iowa, Maine, Michigan, Missouri, Montana, Oklahoma, Oregon, Pennsylvania, South Dakota, Texas and Utah.

To Richmond, Va., goes the Inter-City Cup. A total of 10,855 Crusaders faithfully performed their chores for a period of 15 weeks during the school year just ended. The total school enrolment is 29,603. Miss Claire McCarthy is the Crusade Director of the Richmond Tuberculosis Association.

Iowa wins the Inter-State Cup for the third time in four years. This gives Iowa ownership of the cup. The Crusaders completing the stint of chores numbered 158,433 out of a total school enrolment of 543,430. Miss Edith Countryman is the Crusade Director of the Iowa Tuberculosis Association.
